OBJECTIVE

Motivated MCA student specializing in Artificial Intelligence and Machine Learning, seeking an entry-level position to apply my programming, data analysis, and problem-solving skills while continuously learning and contributing to organizational growth

KRISH

EXPERIENCE

MCA (AI & ML) student with strong coding knowledge in Python and programming fundamentals, seeking an entry-level role or internship to apply problem-solving skills, learn industry practices, and contribute to real-world projects.

EDUCATION

Chandigarh University

- Masters of computer application, 2025-2027

MCM DAV College, Kangra (HP)

- Bachelor of computer application, 2022-2025.

COMMUNICATION

I have developed effective communication skills through classroom learning, group projects, and presentations. I am confident in written and verbal communication and can work efficiently in a collaborative environment.

TECHNICAL SKILLS

- **Programming Languages:** Python, C, C++.
- **Web Technologies:** HTML, CSS, JavaScript, React.
- **Database:** SQL.
- **Development Tools:** VS Code, Git (basic)
- **Core Concepts:** Data Structures (basic), OOPs, Problem Solving.

CERTIFICATIONS

- Actively participated in **CodeVista V1.0 Hackathon**, showcasing problem-solving abilities, teamwork, and application of technical knowledge in a competitive environment

PROJECTS

AI Smart Study Planner

- Built an **AI-powered study planner** using Python Flask with ML-based predictions and database integration.

Personal Portfolio Website

- Responsive website for showcase project and skills

AI Career Predictor

- Built an **AI Career Predictor** using ML and Python Flask to suggest career paths based on user skills.
